

LEADERSHIP

AWARD

WELLINGTON COLLEGE LEADERSHIP AWARDS

SITUATIONS VACANT

MATHS CLUB NUMBER OF VACANCIES: 4

JOB DESCRIPTION:

1. You will be under the guidance of Ms Sun to offer assistance in Mathematics on Monday in M7
2. We would like Yr 13 students to volunteer to help junior students improve their mathematics. These are NOT curriculum based mathematics positions. The club is to provide a platform for students who are enthusiastic about Mathematics and would like to explore the magic of the mathematical world. It is envisaged that this would be a regular time slot where students could drop in for the preparation of Mathematical competitions, play maths games and discuss problem solving strategies. The number of sessions undertaken would depend on the number volunteering and the number requiring assistance.
3. Ms Sun will be supervising and providing necessary materials, but she feels that sometimes that the leaders could be just as effective at unblocking some difficulties and the junior boys would gain so much personally from student assistance.
4. You need to be an enthusiastic mathematician, enjoy problem solving and working with others.

Applications must be made by letter stating the reason why you are most suited for the job. These applications should be emailed to Ms Sun j.sun@wc.school.nz
