AWARD

WELLINGTON COLLEGE LEADERSHIP AWARDS

SITUATIONS VACANT

**SCIENCE LABORATORY MONITOR
NUMBER OF VACANCIES: 2**

JOB DESCRIPTION:

1. You will be required, under the guidance of Mrs Nguyen (Science Technician) to prepare equipment and materials required for class practical work.
2. You will be required to transport this equipment to the classrooms and return the equipment and materials used.
3. You will need to set up the equipment, operate and run checks on the equipment in the department.
4. You will be assisted in making simple pieces of equipment and carry out simple repairs.
5. You will have to clean glassware, dissection equipment, and alike after it has been used and returned.
6. All equipment issued must first be engraved for identification purposes.
7. This is an excellent opportunity for a student seeking a career in Science. You should expect to work during some intervals and lunchtimes. There may even be an opportunity to work after school, but this will have to be negotiated. This is a very exciting opportunity... if you have what it takes....

Applications must be made to Mr Hann by email. s.hann@wc.school.nz
